

The Premium Choice For Peak Performance.

PRODUCT CATALOGUE

WHY CHOOSE HEXAGEN LUBRICANTS

Unparalleled Quality:

Our Lubricants are crafted using the finest base oils and advanced additives, providing superior protection against wear, friction, and thermal breakdown. Trust in our products to keep your engine running smoothly and efficiently.

Engine Performance:

With HEXAGEN LUBRICANTS, experience enhanced engine performance and power. Our formulations optimize engine cleanliness, reduce deposits, and improve fuel economy, ensuring peak performance on every drive.

Extended Engine Life:

Our Lubricants are engineered to safeguard your engine against harmful contaminants and minimize wear. By reducing friction and maintaining proper lubrication, HEXAGEN LUBRICANTS motor oils contribute to the longevity of your engine.

Versatility:

Whether you own a car, SUV, motorcycle, or operate heavy-duty machinery, we have a diverse range of motor oil products to cater to your specific needs. Trust HEXAGEN LUBRICANTS to provide the right oil for every application.

GASOLINE ENGINE OIL

GASOLINE ENGINE OIL SAE: 5W30 API SN

HEXAGEN 5W30 SN is a state-of-the-art full synthetic engine oil engineered to deliver superior fuel efficiency, outstanding wear protection, and enhanced engine cleanliness. Specially developed to meet the latest API SP standards, it provides excellent protection against low-speed pre-ignition (LSPI), sludge formation, and timing chain wear. Ideal for modern gasoline engines with turbochargers and direct injection systems.

AVAILABLE PACKS

GASOLINE ENGINE OIL SAE: 5W40 API SN

HEXAGEN 5W30 SN is a state-of-the-art full synthetic engine oil engineered to deliver superior fuel efficiency, outstanding wear protection, and enhanced engine cleanliness. Specially developed to meet the latest API SP standards, it provides excellent protection against low-speed pre-ignition (LSPI), sludge formation, and timing chain wear. Ideal for modern gasoline engines with turbochargers and direct injection systems.

GASOLINE ENGINE OIL SAE: 10W30 API SN

HEXAGEN 10W40 SL/CF is an ultra-high-performance, engine oil formulated to deliver exceptional fuel efficiency and superior engine protection. Specially designed for modern gasoline engines, it offers outstanding lubrication even in extreme climatic conditions. Its advanced additive technology ensures excellent thermal stability, oxidation resistance, and superior sludge control, keeping engines cleaner and running smoother for longer.

AVAILABLE PACKS

GASOLINE ENGINE OIL SAE: 10W40 API SL/CF

HEXAGEN 10W40 SL/CF is an ultra-high-performance, engine oil formulated to deliver exceptional fuel efficiency and superior engine protection. Specially designed for modern gasoline engines, it offers outstanding lubrication even in extreme climatic conditions. Its advanced additive technology ensures excellent thermal stability, oxidation resistance, and superior sludge control, keeping engines cleaner and running smoother for longer.

AVAILABLE PACKS

GASOLINE ENGINE OIL SAE: 20W50 API SN

HEXAGEN 20W50 SN is a high-performance engine oil specially formulated for older gasoline engines and vehicles operating under tough driving conditions. Its robust mineral base and fortified additive system ensure excellent engine cleanliness, wear protection, and oil film stability. Ideal for high-temperature climates and heavy-duty use, it offers dependable lubrication, reduced oil consumption, and enhanced protection against sludge and deposits.

DIESEL ENGINE OIL SAE: 15W40 API CK-4

HEXAGEN 15W40 CK-4 is a premium-quality diesel engine oil engineered for high-performance and heavy-duty diesel engines, including turbocharged and high-load applications. Formulated with advanced base oils and a robust additive package, it delivers superior protection against wear, soot, and deposits. Designed to perform under high temperatures and extended drain intervals, it ensures cleaner engines, reduced maintenance costs, and consistent performance across a wide range of operating conditions.

AVAII ARI F PACKS

DIESEL ENGINE OIL SAE: 15W40 API CI-4/SL

HEXAGEN 15W40 CI-4/SL is a high-performance, heavy-duty diesel engine oil specially formulated to meet the rigorous demands of both diesel and gasoline engines. Blended with advanced base stocks and a cutting-edge additive system, it provides outstanding protection against engine wear, oxidation, and deposit formation. Ideal for high-load, turbocharged engines operating in extreme conditions, this oil ensures cleaner engine operation, extended oil drain intervals, and reliable performance across a wide temperature range.

AVAILABLE PACKS

DIESEL ENGINE OIL SAE: 25W60 API CI-4

HEXAGEN 25W60 CI-4 is a premium heavy-duty diesel engine oil engineered for superior protection in high-performance engines operating under extreme stress. Formulated with robust base oils and an advanced additive package, it delivers exceptional resistance against wear, oxidation, and sludge buildup. Its high-viscosity formulation ensures strong film strength, providing extra protection for older, high-mileage, and turbocharged engines. Designed for demanding conditions, it helps maintain engine cleanliness, supports extended oil drain intervals.

AVAILABLE PACKS

DIESEL ENGINE OIL SAE: 25W50 API CJ-4

HEXAGEN 25W50 CJ-4 is a high-performance heavy-duty diesel engine oil designed to meet the latest requirements of modern low-emission engines, including those equipped with EGR, DPF, and SCR systems. Blended with advanced base oils and next-generation additive technology, it provides outstanding protection against wear, soot buildup, and oxidation. Its higher viscosity offers enhanced film strength for older or high-mileage engines, ensuring reliable lubrication under severe operating conditions.

4T MOTORCYCLE ENGINE OIL SAE 10W40 API SN JASO MA2

HEXAGEN 10W40 SN JASO MA2 is a premium 4-stroke motorcycle engine oil engineered for high-performance bikes, scooters, and ATVs. Formulated with superior base oils and advanced additive technology, it provides excellent protection against wear, deposits, and oxidation. Meeting API SN and JASO MA2 standards, it ensures optimal clutch performance, smooth gear shifting, and maximum engine efficiency. Its balanced viscosity delivers strong film strength under high temperatures while maintaining easy cold starts, making it ideal for both city riding and long-distance touring.

4T MOTORCYCLE ENGINE OIL SAE 25W60 API SN JASO MA2

HEXAGEN 25W60 SN JASO MA2 is a high-viscosity, premium 4-stroke motorcycle engine oil designed for superior protection in powerful, air-cooled, and high-mileage engines. Blended with advanced base oils and cutting-edge additive technology, it meets API SN and JASO MA2 standards, ensuring smooth wet-clutch compatibility, reliable gear shifting, and excellent engine cleanliness. Its thicker oil film provides enhanced wear protection under high temperatures and heavy loads, making it ideal for large-capacity motorcycles,

4T MOTORCYCLE ENGINE OIL SAE 25W50 API SN JASO MA2

HEXAGEN 25W50 SN JASO MA2 is a premium 4-stroke motorcycle engine oil formulated for high-performance and large-displacement bikes operating in demanding conditions. Meeting API SN and JASO MA2 standards, it ensures excellent wet-clutch compatibility, smooth gear shifts, and superior engine cleanliness. Its higher viscosity grade delivers a strong, protective oil film that reduces wear, resists oxidation, and provides reliable lubrication at elevated temperatures. Ideal for air-cooled, heavy-duty, and high-mileage motorcycles, this oil ensures lasting performance, durability, and riding comfort even under extreme stress.

4T MOTORCYCLE ENGINE OIL SAE 20W50 API SN JASO MA2

HEXAGEN 20W50 SN JASO MA2 is a high-quality 4-stroke motorcycle engine oil engineered to deliver reliable performance for a wide range of bikes, including cruisers, touring, and high-mileage motorcycles. Formulated with premium base oils and advanced additives, it meets API SN and JASO MA2 specifications, ensuring smooth wet-clutch performance, crisp gear shifting, and excellent engine cleanliness. Its balanced 20W50 viscosity offers robust protection against wear and oxidation while maintaining thermal stability under high temperatures, making it ideal for long-distance rides and heavy-duty conditions.

AUTOMATIC TRANSMISSION FLUID ATF DEXRON-IV

HEXAGEN ATF DEXRON IV is a high-performance fully synthetic automatic transmission fluid formulated to meet the demanding requirements of modern automatic transmissions. Blended with premium base stocks and advanced friction modifiers, it ensures smooth shifting, enhanced oxidation stability, and excellent wear protection. Its superior thermal stability and anti-foam properties offer consistent performance under extreme operating conditions, extending transmission life and maintaining peak efficiency over extended service intervals.

AUTOMATIC TRANSMISSION FLUID ATF DEXRON-III

HEXAGEN ATF DEXRON III is a fully synthetic automatic transmission fluid formulated with premium, severely hydro processed base stocks and additives that helps provide oxidation and thermal stability, friction control, load carrying ability, corrosion and wear protection. It helps protect against the formation of deposits, sludge, varnish, foam and provide outstanding durability.

AUTOMATIC TRANSMISSION FLUID

HEXAGEN ATF DEXRON II is a fully synthetic automatic transmission fluid formulated with premium, severely hydro processed base stocks and additives that helps provide oxidation and thermal stability, friction control, load carrying ability, corrosion and wear protection. It helps protect against the formation of deposits, sludge, varnish, foam and provide outstanding durability.

AUTOMATIC TRANSMISSION FLUID

HEXAGEN ATF TYPE-A is a multi-purpose transmission fluid, designed for use in automatic gearboxes, where GM Type A Suffix A is quoted. Its special formula enables very smooth operation of torque converters and fluid couplings of automatic transmissions. is suitable for use in automatic transmissions of passenger cars and light duty trucks as well as in other power shift transmissions

CONTINIOUSLY VARIABLE TRANSMISSION FLUID CVT MULTI-VEHICLE

HEXAGEN CVT Fluid is an advanced transmission fluid specially engineered for Continuously Variable Transmissions. Formulated with high-quality base oils and advanced friction modifiers, it ensures smooth, seamless power transfer while preventing belt and chain slippage. Its superior thermal and oxidation stability protects against wear, varnish, and deposits, ensuring long-lasting performance. Designed to deliver consistent shift quality, improved fuel efficiency, and enhanced protection under both high-load and stop-and-go driving conditions.

GEARE OIL SAE 75W90 API GL-5

HEXAGEN 75W90 GEAR OIL is a high-performance fully synthetic gear lubricant designed for use in a wide range of automotive applications, including passenger cars, SUVs, light trucks, and vehicles equipped with limited slip differentials. Formulated with high-quality base oils and advanced additives, it delivers outstanding protection against gear wear, oxidation, and thermal breakdown. Its excellent load-carrying capability and shear stability ensure smooth operation and extended gear life, even under severe driving condition

AVAILABLE PACKS

GEARE OIL SAE 85W140 API GL-5

HEXAGEN 85W140 GEAR OIL is a high-performance gear lubricant designed for use in a wide range of automotive applications, including passenger cars, SUVs, light trucks, and vehicles equipped with limited slip differentials. Formulated with high-quality base oils and advanced additives, it delivers outstanding protection against gear wear, oxidation, and thermal breakdown. Its excellent load-carrying capability and shear stability ensure smooth operation and extended gear life, even under severe driving condition

GEARE OIL SAE 80W90 API GL-5

HEXAGEN 80W-90 GEAR OIL is an extra high performance automotive gear lubricant specially developed for use in modern high-performance passenger cars, sports utility vehicles, vans and light-duty trucks with limited slip differentials. It is manufactured from premium quality base oils and advanced performance additives to provide exceptional protection against thermal degradation.

AVAILABLE PACKS

GEARE OIL SAE 140 API GL-4

HEXAGEN GEAR OIL 140 GL-4 is a heavy-duty gear lubricant specifically formulated for manual transmissions, differentials, and final drives requiring API GL-4 performance. Made with high-quality base oils and balanced additive technology, it ensures reliable protection against wear, rust, and oxidation. Its high viscosity provides a strong lubricating film under extreme pressure, making it ideal for high-load, low-speed applications in commercial and off-road vehicles. Delivers smooth gear operation and long-lasting performance even in harsh operating environments.

AVAILABLE PACKS

GEARE OIL SAE 90 API GL-4

HEXAGEN GEAR OIL 90 GL-4 is a heavy-duty gear lubricant specifically formulated for manual transmissions, differentials, and final drives requiring API GL-4 performance. Made with high-quality base oils and balanced additive technology, it ensures reliable protection against wear, rust, and oxidation. Its high viscosity provides a strong lubricating film under extreme pressure, making it ideal for high-load, low-speed applications in commercial and off-road vehicles. Delivers smooth gear operation and long-lasting performance even in harsh operating environments.

HYDRAULIC OIL AW-10

HEXAGEN HYDRAULIC OIL AW-10 is a premium anti-wear hydraulic fluid specially formulated for light-duty hydraulic systems operating under low pressure and temperature conditions. It offers excellent protection against wear, rust, and oxidation, ensuring smooth and reliable performance. Its superior thermal and hydrolytic stability helps extend equipment life and reduce maintenance costs. Ideal for use in precision machinery, small hydraulic systems, and equipment requiring ISO VG 10 grade oil.

HYDRAULIC OIL

ISO 68

HEXAGEN HYDRAULIC OIL 68 is a high-quality anti-wear hydraulic fluid designed to deliver reliable performance in a wide range of industrial and mobile hydraulic systems. Formulated with premium base oils and oxidation-resistant additives, it ensures excellent wear protection, thermal stability, and corrosion resistance. Its superior filterability and quick air release properties help maintain smooth and efficient system operation, reducing downtime and extending equipment life in both high- and low-pressure applications.ing

AVAILABLE PACKS

HYDRAULIC OIL

ISO 46

HEXAGEN HYDRAULIC OIL 46 is a high-quality anti-wear hydraulic fluid designed to deliver reliable performance in a wide range of industrial and mobile hydraulic systems. Formulated with premium base oils and oxidation-resistant additives, it ensures excellent wear protection, thermal stability, and corrosion resistance. Its superior filterability and quick air release properties help maintain smooth and efficient system operation, reducing downtime and extending equipment life in both high- and low-pressure applications.ing performance even in harsh operating environments.

AVAILABLE PACKS

HYDRAULIC OIL

ISO 32

HEXAGEN HYDRAULIC OIL 32 is a high-quality anti-wear hydraulic fluid designed to deliver reliable performance in a wide range of industrial and mobile hydraulic systems. Formulated with premium base oils and oxidation-resistant additives, it ensures excellent wear protection, thermal stability, and corrosion resistance. Its superior filterability and quick air release properties help maintain smooth and efficient system operation, reducing downtime and extending equipment life in both high- and low-pressure applications.ing performance even in harsh operating environments.

BRAKE FLUID DOT-4

HEXAGEN BRAKE FLUID DOT 4 is a high-quality brake fluid formulated to meet the performance requirements of DOT 4 specifications. It provides reliable and consistent braking performance across a wide range of temperatures, offering excellent protection against vapor lock, corrosion, and brake system wear. Suitable for use in disc, drum, and ABS brake systems of passenger cars and light commercial vehicles, it ensures safe and responsive braking under both normal and demanding driving conditions.

AVAILABLE PACKS

BRAKE FLUID

DOT-4

HEXAGEN BRAKE FLUID DOT 3 is a high-quality brake fluid formulated to meet the performance requirements of DOT 3 specifications. It provides reliable and consistent braking performance across a wide range of temperatures, offering excellent protection against vapor lock, corrosion, and brake system wear. Suitable for use in disc, drum, and ABS brake systems of passenger cars and light commercial vehicles, it ensures safe and responsive braking under both normal and demanding driving conditions.

HEAVY DUTY GREASE CALCIUM

HEXAGEN Multi-Purpose Calcium Grease MP3 is engineered with precision to meet the demands of various machinery and equipment, making it a versatile solution for your lubrication needs. Formulated with a calcium-based thickener, our grease boasts exceptional water resistance, providing a protective shield against corrosion. Its resilience to different temperatures and loads makes it the ideal choice for automotive, industrial, and household applications alike.

AVAILABLE PACKS

HEAVY DUTY GREASE

HEXAGEN Lithium Grease MP-3 is a high-performance, multi-purpose lubricant designed to deliver reliable protection and smooth operation across a wide range of mechanical applications. Formulated with a lithium-based thickener, it offers excellent thermal stability, mechanical shear resistance, and water repellency, making it suitable for use in automotive chassis, wheel bearings, industrial machinery, and general-purpose lubrication.

The Premium Choice For Peak Performance.
